FOR THE SOUL

What is food really!

Is it just the objects living beings consume?

Food for *thought*...

Truly, food is for the soul.

When one asks for food for thought, I think,

Food for the soul

For the mind

Completely for thought.

Music.

Piano.

That is food for thought.

My fingers fly

Across the keys

I am in another place,

Another world,

I am

Fulfilled.

I am alive,

I am real.

I am feeding my mind.

That is food

For soul,

For mind,

For thought.
